

Scientific Meeting
22-25 October 2017
Margaret River Region

The 2017 ANZSPR Annual Scientific Meeting will take place at the 5 star Bunker Bay Resort in the Margaret River Region, Western Australia from Sunday October 22nd to Wednesday October 25th, directly after the RANZCR ASM at Crown Towers in Perth. A bus has been arranged to take delegates from Crown Towers to Bunker Bay, ensuring an easy and relaxing way to extend your holiday and enjoy several days in one of the most beautiful parts of Western Australia.

Our theme for the conference is 'Beyond the Books' – for our three day bespoke scientific program won't include anything you can simply learn in textbooks. International speakers Dr Marc Keller from the Children's Hospital of Philadelphia, Derek Roebuck from Great Ormond Street Hospital and Dr Suresh Mukherji from Michigan State University headline a scientific program featuring cutting edge information on paediatric airways, oncology, vascular imaging, rheumatology and intervention, amongst others. For Radiology trainees, the conference is introducing the ANZSPR viva school, where trainees will have the opportunity to sit practice Paediatric vivas and get tips on passing their Part II Paediatric examination. We'll also have an early morning interventional workshop where delegates will get tips on cannulating the small baby and gain skills in other forms of vascular access.

It promises to be a fun and educational conference in the Margaret River region, which is well known for its amazing beaches, karri forests and limestone caves, not to mention a huge range of wineries, breweries and gourmet food providers. We'll have an exciting social program where local wineries and breweries can be sampled, a perfect opportunity to catch up with old friends and make new ones. The conference is aimed at both the General Radiologist and subspecialising Paediatric Radiologist and we also encourage Radiographers, Sonographers and anyone else interested in Paediatric Radiology to attend.

Our call for abstracts has recently opened and you can now take advantage of our early bird registration discount. Further details can be found at anzspr17.com. We look forward to welcoming you to Bunker Bay!

Dr Michael Mason

ANZSPR 2017 Convenor
