# Webinar in Radiology

## Gd-EOB-DTPA Liver-Specific Contrast Agent

**An educational path to optimize the use of the liver-specific contrast agent in MRI on the study of different patients**

### Speakers

- **Luigi Grazioli** - Scientific Supervisor  
  Radiology Department, Spedali Civili di Brescia, University of Brescia, Italy

- **Riccardo Faletti** - Radiologist  
  Department of Surgical Sciences, Università di Torino (University Radiology), Italy

## AGENDA*

### Contrast media in MRI: focus on Gd-EOB-DTPA and study protocols

**May 21st Thu** • 18:00 (Malaysia time)  
To participate to the webinar  

### Metastatic lesions

**Oct 13th Tue** • 17:00 (Malaysia time)  
To participate to the webinar  

### Benign incidental lesions

**Jun 23rd Tue** • 17:00 (Malaysia time)  
To participate to the webinar  

### Imaging: functional alterations (Gd-EOB-DTPA)

**Dec 1st Tue** • 17:00 (Malaysia time)  
To participate to the webinar  

### Nodules in the cirrhotic patient

**Aug 4th Tue** • 18:00 (Malaysia time)  
To participate to the webinar
