#### 4. VISION & MISSION OF MYRAD

The Malaysian Society of Radiologists (Persatuan Pakar Radiologi Malaysia) or simply known as MyRad (PPRM) is a non-profit organisation and a national society representing clinical radiologists in Malaysia.

MyRad was established on 18 March 2022 under the Registrar of Societies (ROS) and its office is located at C-2-18 Centrio, No. 1, Jalan Pantai Murni, Pantai Hillpark, 59200 Kuala Lumpur.

MyRad, a sister society of the College of Radiology will take over the entire organisation and management of CoR educational activities (CoR annual scientific meeting, seminar, webinar, course, workshop, local and international congresses and other related educational endeavours) thus MyRad will serve as the educational arm of the College of Radiology focusing on Diagnostic Radiology.

As one of its initial initiatives, MyRad jointly with CoR, organised and hosted the CoR annual scientific meeting, the Malaysian Congress of Radiology (MCoR 2022) themed “Precision Imaging: Beyond Pixels and Positrons” on 7-9 Dec 2022 in Penang and similarly, organising the MCoR 2023 themed “Intertwining Foundation with Innovation” on 21 - 23 July 2023 at Connexion Conference & Event Centre Kuala Lumpur.

## 6. MALAYSIAN SOCIETY OF RADIOLOGISTS – MYRAD OFFICIAL LAUNCH

The Malaysian Society of Radiology (MyRAD) was officially launched during the MCOR 2022 opening ceremony on 7<sup>th</sup> December 2022 held in Penang. MyRAD. MyRad scented candles were given out as door gifts to attendees during the launch.

A 1<sup>st</sup> Membership Drive was held during the launch and a MyRad personalized mousepad was given to each applicant - we received 140 membership applications over the 3 days of MCoR 2022.

Simultaneously, membership drive was also channeled through all CoR members group chats and from this we received another 160 membership applications. To date, we have 300 registered MyRad members in the Life and Candidate categories consisting CoR and non-CoR members.

The 2<sup>nd</sup> Membership Drive will be during the MCoR 2023.
