

BODY IMAGING WEBINAR

Saturday, 4th November, 2023
02:00 pm – 06:20 pm

THEME: PELVIS: THE UNTOUCHED TOPICS

INTRODUCTION:

THERE ARE MANY IMPORTANT ORGANS WITHIN THE PELVIS THAT HAVE VARIOUS PATHOLOGIES. SOME OF THESE ARE FREQUENTLY REQUESTED FOR RADIOLOGICAL IMAGING LIKE THE LOWER GASTROINTESTINAL TRACT AND FEMALE GENITOURINARY TRACT, WHILE SOME ARE NOT AS FREQUENT SUCH AS FOR THE MALE GENITALIA AND FEMALE GENITAL TRACT ANOMALIES. THIS WEBINAR AIMS TO EXPOSE AND SPREAD KNOWLEDGE ON IMAGING TOPICS THAT ARE RATHER RARELY DISCUSSED OR REQUESTED BY THE PRIMARY TEAM BUT ARE IMPORTANT TO KNOW. WE ALSO TARGET TO STRESS THE EXPECTED IMAGING FINDINGS IN POST-SURGICAL OR ONCOLOGICAL TREATMENT (NON-VIRGIN PELVIS) FOR VARIOUS PELVIC PATHOLOGIES.

Time	Title	Speaker
2:00-2:05	Opening address and Welcome	Moderator
2:05-2:40	Penile MRI	Datin Dr Malinda Abd Majid
2:40-3:15	Uterine anomalies Imaging	Dr Nyazirah Abdul Wahab
3:15-3:50	MRI Cervix: pre EBRT & pre IGBT	Dr. Marhani Yati Marmono
3:50-4:00	Q&A	
4.00- 4.35	Radiological Approach to Ovarian Mass	Dr. Yap Soo Shu
4.35- 5.10	Pelvic Floor MRI assessment	Dr. Farah Naz Saleem
5:10-5.45	Post Neoadjuvant MRI Rectal with mrTRG correlation	Dr Nadia Abdul Malik
5.45- 6.20	Standard Reporting for Pelvic Exenteration	Dr Zaharudin Bin Haron

REGISTRATION FEE	AMOUNT
COR/MyRAD MEMBERS	RM60
NON-MEMBERS	RM150

Registration last day
1st November 2023 @ 9pm

4 CPD POINT
